

RECORD ENTRY PREDICTED FOR MANY CLASSES

Stock Show Said To Be
Largest In History
Of Event

HARNESS RACING STARTS TOMORROW

Horses Are On Grounds
And Working Out;
Autos Shown

All available space in new cattle
pens at the county fair grounds at
Lisbon was occupied when the gates
were opened for the 79th annual
fair this morning. Races will begin
Wednesday afternoon and will con-
tinue Thursday.

All pens for pet stock were filled
Monday evening, over 500 birds be-
ing exhibited this year by members
of 4-H clubs and those interested in
poultry husbandry.

Only a few exhibits in exhibition
hall were completed, at noon today,
but every display space has been
contracted for and all displays will
be in order late tonight.

Large Crowds
Sunday and Monday rather large
crowds visited the fair grounds and
before noon today several thousand
visitors passed through the gates.

Race horses continued to arrive at
the track up to Monday night and
early this morning they were being
given heat baths over the half mile
track.

Argument devices were erected
Monday, and were placed in oper-
ation this morning.

The automobile section at the fair
this year, is located in the rear of
the grand stand. More models are
being displayed and a large array of
body colors.

Music Furnished
Music for the fair Wednesday will
be furnished by the Presbyterian
band, Lisbon, and for Thursday
by the band of East Liverpool.

Only three officials for the race
start will be O. R. Beckwith of
Ashtabula, while two of the
men will be H. B. Mitchell of Em-
metsburg, Pa., and James S. Forbes
of Canton. The additional timer and
judge will be announced late
afternoon.

Should favorable weather prevail,
directors of the Columbiana Agri-
cultural society declare that the at-
tendance this season will exceed
that of former years.

POLICE ARREST KNIFE WIELDER

Man With Gun Also In
Law Toils; Tractor
Driver Fined

Answering a riot call Monday
afternoon, Salem police arrested
a man with a gun, a tractor driver
and a man on a charge of
disorderly conduct.

Wooden, according to the police,
was parading down Liberty
street in an intoxicated condition,
wielding a knife.

He was ordered out of the city, by
Mayor Philip Hiddleston.

George Hopperich, also of Salem,
was arrested by Patrolman Ralph
Huffer, yesterday afternoon on a
charge of disorderly conduct, to
which he pleaded guilty and was
fined \$5 and costs by Hiddleston.

Hopperich, police say, was enjoy-
ing himself in Hogan's alley with a
girl, and had threatened to shoot
other persons. The rifle was not
found.

John W. Yates of near Salem, was
fined \$50 and costs by Mayor Phil
Hiddleston, Monday night, on a
charge of driving a tractor through
city streets, with spuds on the
tractor wheels.

Yates, through his attorney K. L.
Hogson, Salem, filed petition for a
trial in higher court, furnishing
bond of \$200.

Investigation Made Of Safe Robbery

Salem police are investigating the
robbery of the Harris Manufactur-
ing Co. safe, which, according to
police, had been broken into some
time Sunday night. It was revealed
that the combination of the safe had
been smashed in but nothing of
value was taken, the police report.

Mail Pilot Warns Village of Flames

Cleveland, Sept. 11.—The Paul
Revere of the skies makes his
appearance today in the person
of William "Wild Bill" Hopson,
air mail pilot of the Chicago-
New York air route.

While making his regular trip
last night, Hopson discovered
that a barn was on fire in War-
rensville Heights village, on the
outskirts of Cleveland. The
blaze threatened several homes
nearby and no one, apparently,
was aware of it. The aviator
swopped down and flew back
and forth at a low altitude over
the village until he awakened
one of the residents who spread
the alarm.

ROWLAND LEADS AIR RACERS TO END OF TRAIL

Pilot of Cessna Monoplane
Is Probable Class A
Winner

BULLETIN
El Paso, Texas, Sept. 11.—Robert
Cantwell, of Duncan, Okla., was the
first of the class C fliers in the New
York to Los Angeles air derby to
take the air at the local flying field
today.

Edward T. Brook took off second
and Capt. C. B. Collier third.

Los Angeles, Cal., Sept. 11.—Offi-
cials of the national air races, now
in progress here, today were check-
ing the elapsed time of the con-
testants in the Class A New York-
to-Los Angeles air derby.

Earl Rowland, who brought his
Cessna monoplane down at Mines
field at 2:30 yesterday afternoon, is,
in all probability, the winner of the
\$5,000 first prize. He led the field
practically all the way from New
York. He said today that he be-
lieved his flying time was approxi-
mately 22 hours.

After the planes arrived here they
were lined up in two long rows be-
fore the grandstand, and the pilots
and mechanics, plainly showing the
effects of their arduous cross-country
flight, were escorted to the
microphone. Most of them were
content simply to say, "we are glad
to be here."

WOMEN USED TO COVER ACTIONS FOR RUM RING

Prosecutor Claims Scope
Of Activity Was
Nation Wide

Philadelphia, Sept. 11.—The na-
tion-wide rum ring operating out of
this city uses women and girls to
cover up its major activities. Pro-
secuting Atty. John Monaghan as-
serted today as his probe into un-
derworld rule here continued.

Evidence has been uncovered
which shows the biggest diversions
of alcohol to bootleg trade were ar-
ranged by inducing women to lend
their names to the business, Mon-
aghan revealed.

First indications that women
dupes were used in the rum opera-
tions was given when a slim, black-
garbed girl appeared in the corri-
dors outside the jury rooms. Her
name is reported to be Anna Con-
ney, and it is said Quaker Indus-
trial Alcohol Company is in her
name.

According to prosecuting officials
the girl innocently signed papers
which made her the nominal owner
of a large distillery. She is to be
quizzed today as to the identity of
her employers.

Federal agents will take an active
part today in the probing of these
alcohol diversions and in the opera-
tions of the rum rings in general.
George E. Golding, ace of govern-
ment investigators, arrived late yes-
terday. His staff of eight picked
men also arrived to aid in the mop-
ping up of the City of Brotherly
Love.

Knights of Columbus Name Year's Officers

Stephen Gonda, was elected
grand knight of Salem council No.
1818, Knights of Columbus, at a
meeting Monday evening at the
hall when officers for the ensuing
year were chosen.

Other officers are: Chaplain, Rev.
M. Casey; deputy grand knight,
John Laird; chancellor, J. C. Scul-
lion; recording secretary, Louis
Follensbee; treasurer, John T. Mc-
Nicol; advocate, Edwin Deagen;
warden, John P. McNicol; inside
guard, Joseph Scullion; outside
guardian, James Layden; trustee,
Lawrence Reasbeck; lecturer, Henry
Ready.

These officers will be installed at
the first meeting in October.

HOOVER SPEECH FOR NEWARK TO DISCUSS LABOR

Will Pledge High Wages
And Steady Work
If Elected

IMMIGRATION LAWS ARE AMONG POINTS

Finish Final Draft Soon;
Fishing Trip On Salt
Water Planned

Washington, Sept. 11.—Herbert
Hoover today completed a tentative
draft of his third public address as
the Republican presidential nominee
—the "Labor" address to be deliv-
ered at Newark, N. J., Sept. 17.

Hoover will seek to win the sup-
port of organized labor. The high
points of the address undoubtedly
will be a pledge to bend every ef-
fort, if elected, to continue high
wages and steady employment, an
explanation of his party's pledge to
enact legislation curtailing exces-
sive use of the injunction in labor
disputes and a further endorsement
of the principle of collective bar-
gaining.

His acceptance speech, Hoover
touched briefly on the labor
subject. He cited the pledges of
the Republican platform and de-
clared the demand today was far
beyond "a full dinner pail" and that
the workers actually desired "larger
comfort and greater participation
in life and leisure."

Praises Tariff
The Republican platform praised
the tariff and restrictive immigra-
tion laws as providing a "living
wage" for workers.

"The party favors freedom in
contracts," the platform added, "the
right of collective bargaining by
(Continued on Page 4)

GERMANY'S IRE AROUSSED OVER BRIAND SPEECH

Political Factions Uniting
In Face of Statements;
Called Threat

Berlin Sept. 11.—A wave of rage
surged over Germany today as a
result of the Geneva speech of
French Foreign Minister Briand in
which he accused Germany of sec-
retly building up military strength.

In some circles the speech and the
Anglo-French naval agreement are
regarded as a direct threat against
Germany, whose miraculous recovery
since the war is said to frighten
both England and France.

Some political observers profess
to see a parallel between Minister
Briand's speech to the League of
Nations assembly and the famous
"night in sight" speech by Chancellor
Bismarck at the time of the Franco-
Prussian war.

The sensational declarations of
the French foreign minister against
Germany is said to be having the
effect of uniting conflicting politi-
cal factions.

Count Kuno Westarp, leader of
the German Nationalists, and fore-
most foe of Chancellor Mueller, a
Socialist, in domestic politics, gave
the following statement to Inter-
national News Service:

"Minister Briand's speech is a
provocation, adding insult to in-
jury. The best answer would be for
Chancellor Mueller to depart from
Geneva at once; not only because of
(Continued on Page 4)

Earthquake Shock Recorded In Denver

Denver, Sept. 11.—An earthquake
shock described as of "medium in-
tensity" was registered on the seis-
mograph at Regis college here at 8
o'clock this morning. Father P. A.
Furestall, in charge of the ap-
paratus, said he believed the tem-
blor was on the north American
continent but could not estimate
the distance or direction of the
shock.

Cooper Plans Tour Over Part of State

Columbus, O., Sept. 11.—Myers Y.
Cooper, Republican nominee for
governor, is to confer tomorrow
at Toledo with city and Lucas county
G. O. P. leaders and to address a
meeting of the National Music
Merchants association there, Charles
D. Simeral, chairman of the
speakers bureau at Republican state
headquarters, announced today.

Cooper is scheduled to attend the
Tuscarawas county fair at Dover
Thursday afternoon and to address
the Woman's club at Massillon
Thursday evening. The same night
he is to confer at Canton with
Charles Frenn, Stark county com-
missioner, and other Republican
leaders.

Friday noon, Cooper is to address
the Cooperative club here. He is
to attend the Franklin county fair
at Hilliards Friday afternoon.

Revolution In Spain Nipped By Officials

Hundreds of arrests made
As Plot Is Discovered;
Action Nation-Wide

Hendaye, Franco-Spanish Fron-
tier, Sept. 11.—The Spanish police
have discovered a nation-wide plot
for the overthrow of the Spanish
government according to informa-
tion received over the Spanish fron-
tier this afternoon.

The plot centered at Saragosa
where several hundred arrests were
made.

Sets Off Air Derby

Ruth Elder, famous for her aeronautical exploits and now of
the movies, with Mayor George E. Cryer, of Los Angeles, as he called
New York "long distance" and gave signal to start the trans-
continental air derby to Los Angeles. Earl Rowland, of Wichita,
Kan., leads the class A planes, while John Livingston, flying a Waco
biplane, leads the class B field, and Robert W. Cantwell, of Los An-
geles sets the pace for class C.

President Coolidge Heading Eastward

Aboard the Presidential Special
enroute to Washington, Sept.
11.—Three months of vacation
behind him President Coolidge
was on his way back to Wash-
ington today. Wednesday morn-
ing will bring him back at his
desk at the executive offices.

Wisconsin, locale of this sum-
mer's temporary White House,
bid good bye to the executive
in the early hours of the morn-
ing as the special train rolled
along on its way to Chicago
where the switch was made to
the eastern road that ultimately
will get him back to the na-
tional capital.

For 88 days Mr. Coolidge has
relaxed in the north woods fish-
ing on the Brule river and ex-
perimenting with trap shooting.
His vacation came to an end
last night when he departed
from Superior in a heavy rain
that failed entirely to prevent
an enthusiastic crowd from
turning out for his farewell.

The president's stay in Wash-
ington will be comparatively
brief for within a week or ten
days he expects to journey to
Vermont and there re-visit the
scenes of his boyhood days at
Plymouth. This trip probably
will not last longer than a week.

OHIO FEDERAL JUDGE EXPIRES

Maurice H. Donahue Dies
After Week's Illness;
Prominent Jurist

Columbus, Sept. 11.—Members of
the Ohio bar today were mourning
the death of Judge Maurice H.
Donahue, 64, of the sixth circuit
of the United States court of appeals.
Judge Donahue died at his home in
Bexley, a Columbus suburb, late
yesterday following a heart attack
and an illness of a week.

According to present funeral ar-
rangements Judge Donahue will be
buried tomorrow at New Lexington
where he had practiced law until
1900, when he was elected judge of
the fifth circuit court of Ohio. In
1919 he was appointed to the fed-
eral judgeship by President Wilson.

He is survived by his widow, Mrs.
Martins Johnson Donahue, Colum-
bus; a daughter, Mrs. Veda Ruth-
meyer, Cincinnati, and a sister, Mrs.
Mary J. Skenyon, Plainville, Kan.

To Be Set Free

Mexico City, Sept. 11.—E. J. Bum-
stead, Los Angeles American mining
engineer who was seized by bandits
in the state of Nayarit and held for
20,000 pesos ransom, probably will
be set free today, according to in-
formation received at the American
embassy here.

Famous Porcelain Donated To Town

Hildesheim, Sept. 11.—The fa-
mous porcelain collection of Canon
August Otto Ernst von dem Busch
has been presented to the city of
Hildesheim by Privy Councillor
Lessor.

Canon dem Busch, who was born
in Hildesheim in 1794 and died there
in 1879, gained worldwide
fame as the discoverer of a method
of etching on porcelain. His in-
vention, which now becomes the
property of his natal city, is unique.

INCREASE IN JUNIOR HIGH PUPILS GREAT

Nearly Five Hundred Stu-
dents Are Enrolled In
Institution

OVER SIX HUNDRED
IN HIGH SCHOOL

New Building Will Result
In Relieving Congestion
In Grade Schools

John Coolidge Goes To Work In Office

New Haven, Sept. 11.—John
Coolidge went to work as a rail-
road clerk here today. His first
task was to run the gauntlet of
a dozen cameras manned by
newspaper and motion picture
photographers. The president's
son grinned and fled up the
steps of the New Haven road's
general headquarters to safety
in the long corridors of the
building.

Young Coolidge has been as-
signed to the general manager's
office where he will start climb-
ing, if he justifies the expecta-
tions of those who gave him the
job, to a high operative position.

AL SMITH PREPS FOR INVASION OF FARMLANDS

Democratic Nominee Will
Receive Great Welcome,
Is Statement

Albany, N. Y., Sept. 11.—Gov-
ernor Alfred E. Smith plunged in-
to the real work of preparing for
his forthcoming invasion of the
west today heartened by assurances
that he is going into no unfriendly
territory, but that on the contrary
he is going to receive a great wel-
come from a people politically un-
decided and eager to hear his mes-
sage.

These assurances were brought to
Albany by Ex-Senator Gilbert
Hitchcock of Nebraska, in which
state Governor Smith will inaugurate
his western speaking tour one
week from tonight. In that speech
the governor plans to make his
position on farm relief unmistakably
clear.

Present indications are that the
governor in his Omaha speech will
commend the principle of the
equalization fee as applied to the
disposal of crop surpluses, without,
however, committing himself to any
particular labelled plan.

Prohibition, the senator said,
would not cut a great deal of ice
in Nebraska.

As for the religious issue, he de-
clared Nebraska had had a "mild
case" of being alarmed over that,
"but it seems to be wearing off."

There has been a marked swing
toward Smith on the part of the
farmers during the last 90 days,
Hitchcock declared.

Governor Smith will devote most
of his time this week to the prepa-
ration of data to be used in his
western speeches. The callers at Al-
bany will be few.

CHICAGO PLANS UNION STATION FOR AIRPLANES

Ticket office, Information
Booth and All, To
Be Included

Chicago, Sept. 11.—Chicago will
have the first and most complete
airplane union depot, ticket office
and information bureau in the
United States when the Chicago
Air Traffic association, composed
of all airlines entering and leav-
ing Chicago, opens its offices in the
Palmer House here.

Members of the Chicago Air
Traffic association include the Na-
tional Air Transport, Inc., North-
west Airlines, Inc., Embury-Ridg-
way, Inc., Robertson Aircraft Cor-
poration, and the Boeing Aircraft
Corporation.

Carry Passengers
These companies have the con-
tracts for government airmail and
passengers from Chicago to New
York; St. Louis and the southwest;
St. Paul, Minneapolis and the
northwest and directly west by way
of Omaha, Salt Lake City to San
Francisco and Los Angeles. They
operate 6,160 miles of air lines,
more than half the entire air mile-
age in the United States.

Under the arrangements complet-
ed with the hotel the airlines will
maintain an elaborate waiting room
and terminal facilities at the ho-
tel. There it will be possible to scan
(Continued on Page 4)

RESULTS SEEN AS BAROMETER FOR NOVEMBER

Democratic Poll Falls Far
Below Expectations
Of Chieftains

NATIONAL LEADERS OBSERVED CLOSELY

Gubernatorial Candidate
Rides Into Office
On Crest

Portland, Me., Sept. 11.—A Re-
publican majority of more than 75-
000 was in prospect today as com-
plete returns for Maine's state elec-
tion were tabulated. Republican
candidates for governor, United
States senator and four congress-
ional seats were swept into office by
record majorities.

With only 59 of the state's 633
precincts missing William Tudor
Gardiner, had 132,143 against 60,439
for Edward C. Moran, Jr., and Sen.
Frederick Hale had 129,599 against
58,445 for Herbert E. Holmes.

Returns are not expected to be
completed today but any change in
the result with the tabulation of
distant rural districts is regarded as
impossible. All majorities will in-
crease.

Three Republican congressmen
were re-elected and the Republican
candidate was elected in the Fourth
congressional district.

Democrats Fall
Everywhere the Republican vote
was heavy while the Democratic poll
fell far below expectations.

The election was a Republican
sweep. Gardner's majority, mount-
ing hourly as returns came in from
outlying precincts, was twice as
great as Governor Brewster's four-
years ago and exceeded the record
majority piled up by Governor Park-
hurst in 1920.

Democrats had boasted they would
keep Gardner's majority under
Brewster's 36,600 while Republicans
were confident the total majority
for the candidate would be in ex-
cess of the record 65,800. As com-
plete results became known today
G. O. P. chieftains were as much
surprised as the leaders of the
Democratic party.

Anti-Smith factions Clash With A's Adherents During Meet

Fair Park Auditorium, Dallas,
Texas, Sept. 11.—The state Demo-
cratic convention was thrown into
wild confusion here today when the
Anti-Smith delegation bolted the
convention following the report of
the state executive committee's ac-
tion on contesting delegations yes-
terday. This report recommended
that the Anti-Smith delegation
from Dallas, Tarrant, Houston,
Palo Pinto, Wichita and Bosque
counties be denied seats at the con-
vention.

Immediately after Dick Fleming
of Houston, secretary to the state
executive committee, read the re-
port, former Gov. O. B. Colquitt, an
Anti-Smith chieftain, sought recog-
nition from the chair. This was
refused him and the Anti-Smith
delegates jumped to their feet all
over the hall yelling "goodbye
Tammany." Smith followers, in
overwhelming majority, countered
with: "Throw the Republicans
out."

Republicans Jolly Over Maine Result

Washington, Sept. 11.—Re-
publicans hailed with glee to-
day the result of the Maine
election.

They said the psychological
effect of the record Republican
vote would prove a material
boost to the Hoover-Curtis
ticket in other normally Republi-
can states throughout the
country.

To accomplish this purpose
national headquarters sent
some of its biggest guns into
Maine to help the state candi-
dates.

IF YOU MAKE "HOME BREW" WHY NOT VOTE TO REPEAL THE LAWS WHICH MAKE YOU A CRIMINAL? JOHN J. WHIT- ACRE.

203 Tues 11wks

GANGLAND AND POLICE MINGLE

Funeral Held for Victim
Of Gunmen; Watch
Al Capone

Chicago, Sept. 11.—Gangland and
police rubbed shoulders today at
the funeral here of Tony Lombardo,
slain lieutenant of "Scarface Al"
Capone.

Gangland, including Capone and
his picked body guard of gunmen
was there—watching and waiting
for the strangers, who, according
to gangland's grapevine telegraph,
are in Chicago to accomplish their
ultimate aim, the death of the un-
derworld's greatest chieftain, Cap-
one.

Police, at least a hundred strong,
mingled with the crowd of swarthy
Italians, gaudy dressed women, poli-
ticians and the "common people"
who had turned out to witness this
greatest funeral since that of O'-
Bannion.

Holiday Crowd
It was a holiday crowd. Rain
which threatened all morning, came
down in showers but the milling
thousands outside the modest brick
bungalow Lombardo had built for
his wife and two small children, re-
fused to leave the scene. Men hung
in little groups, their hands held in
suspiciously bulging pockets. All
strangers were scrutinized carefully,
even rudely.

A long stream of men, women and
children formed in line to view the
body, clad in a tuxedo. Massive
mountains of flowers were piled in
every room of the house, over the
casket and out onto the porch.

One wreath in the shape of a
huge heart lay near the body. A
small card attached said: "From Al
Capone, an inset with flowers were
the words 'My Pal'."

Russians Arrested

London, Sept. 11.—A number of
Russians, including Red army com-
manders, have been arrested by the
"Gpu"—secret political po-
lice—charged with conspiracy
against dispatch from Riga this af-
ternoon quoting reports from the
Russian frontier.

AN UNFAIR COMPARISON

Speaking before a luncheon club in Washington, Muna Lee de Nuniz Marin, director of the bureau of international relations of the University of Porto Rico, pointed out the difference between the receptions accorded Doris Stevens and her companions in Paris, last week, when Doris attempted to present to the signers of the Kellogg peace pact on an equal rights treaty for women, and the reception accorded her at the recent Pan-American conference in Havana, holding that it marked the divergence between the enlightenment of the two hemispheres and the divergence between the viewpoints of the men of France and those of the men of America.

While Miss Stevens and the other members of the committee were met by the police in Paris, she said, the doors of the Pan-American conference were thrown open to them, and that the present Inter-American Commission of Women, of which she is head, is the outcome of the plea made in Havana by Miss Stevens.

We men of America should be pleased over tributes to our gallantry, and possibly would be were they based upon foundations of fact, but we hardly can be when such tributes come through misstatements of fact and manifest unfairness. To make them worthy, such comparisons must possess the quality of fairness, and Miss Lee's sense of fairness seems to be as much out of joint as her reported statements of fact.

The two cases were not at all similar. The Havana conference was a gathering to which visitors—at least, some visitors—were admitted. There was absolutely no impropriety in the action of Miss Stevens in presenting her petition to such a gathering, having secured the permission of the chair.

The scene of the other occurrence to which Miss Lee refers was not Paris, and the Paris police figured in it in no way. It was at Rambouillet, a pretty little town of about 6,500 inhabitants, where Miss Stevens and her party were apprehended by the police and taken to jail. Rambouillet is the summer home of the president of France, the official residence being a beautiful chateau surrounded by a fine park of about 3,000 acres. President Doumergue was giving a dinner there to the representatives of the 15 nations which had signed the peace pact and a few French dignitaries when Miss Stevens and her crowd sought entrance at the park gates. It was explained that the function was not public in any sense of the word and admittance was refused. Thereupon Miss Stevens and the other members of the Woman's party committee attempted to crash the gate and were run in by the police.

Without going into the comparative enlightenment of the two hemispheres, or the comparative esteem of the men of the two hemispheres for womanhood, it may be said that womanhood, as a whole, will not hold the high place in the esteem of American men if it should so long as elements of the sex outrage the proprieties as Miss Stevens and her companions did at Rambouillet in what has the earmarks of having been a bid for notoriety. Such acts can not but serve to weaken the high esteem in which womanhood in general is held by the men of America, and Miss Lee adds nothing to her cause by the lack of fairness manifested in her comparison.

What Others Say

RADIO AS A NUISANCE
A Camden, N. J., judge in a ruling in a case brought before him in complaint against a radio operator has held that any owner has a right to listen to his machine at any hour he wishes, regardless of the comfort of his neighbors. In this case a woman charged that her husband was unable to obtain sufficient sleep because of the noises that came from a nearby radio, as late as 1 o'clock in the morning. The judge dismissed the case.

There is probably no question about the right of an individual to run his radio as long as he wants. But this right does not justify him

in running it as loudly as he wishes regardless of the hour. If in the case at Camden the radio owner had conducted a loud and boisterous "party" on his premises at an hour when most people are supposed to be seeking slumber he would doubtless have been restrained on the ground that he was maintaining a nuisance. Many such a charge has been laid and has been sustained.

There is no difference between a loud party which constitutes a nuisance to nearby residents and a mechanical device which causes such a disturbance that sleep is impossible. A loud speaker of the kind so commonly in use at present with numerous amplifying tubes, can keep scores of people awake. Its tones penetrate into sleeping chambers at long distances. In some cities regulations have been adopted putting a limit upon the time in which loud radios can be operated as a measure of public comfort and health. Evidently Camden has no such rule. But, it should have, and it should be enforced.

There is actually no occasion whatever for the use of amplifying devices on a domestic radio, sufficient to carry the sound beyond the walls and windows of the dwelling. If there is any beauty in the program it is not merely increased, but is actually lessened by the amplification. If there is any humor in the program it is not made more keen by swelling the sound so that it will reach many other ears than those of the household.

Unmistakably a prejudice is growing against radio use through these abuses and manufacturers of sets should be warned by the outspoken and increasing protests of those who suffer from the inconsiderate performances of many radio users to discourage the establishment of these needlessly loud instruments in domestic premises. At the present rate of developing antagonism to thoughtless radio use manifested by those who wish for, and have a right to, peace in their own homes there will soon develop an imperative demand for rules that will constitute radio noise a public nuisance, to be suppressed by the law.

Canadian opinion we understand, sympathizes with our prohibition policy, but considers it impractical. It isn't, however, impractical for Canada. A \$3,000,000 tourist crop gives evidence to that. —Philadelphia Inquirer.

It's getting harder and harder to find a safe and sane wife. Massachusetts girl establishes world's record by throwing a rolling pin 57 feet three inches; Pennsylvania girl breaks 49 clay pigeons out of a possible 50. —Cleveland Plain Dealer.

The Stars Say—

For Wednesday, Sept. 12.

By GENEVIEVE KEMBLE

SUBTLETY and intrigue may be expected to complexion the affairs of this day, according to the lunar conjunction with Neptune, the planet of stratagem and conspiracy. While lively conditions may prevail there will be a tendency to further the interests through diplomacy and tact rather than straightforward methods. Combinations and mergers thrive under this way, and curious experiences may be expected. Sign posters caucously.

Those whose birthday it is may have a year of singular experiences, with propositions involving secret understandings or conspiracy rather than open-handed methods. All papers should be carefully signed. Combinations and diplomacy should thrive. A child born on this day may be predisposed to subtlety and craft, attaining its ends by secret methods or conspiracy. It may have singular experiences and peculiar gifts or talents.

Time shall unfold what plighted cunning hides. —Shakespeare.

SCIENCE HAS FOUND CURE FOR CLUB-FOOT

By Royal S. Copeland, M. D.
United States Senator from New York, Former Commissioner of Health, New York City

A new born baby has before him a hard enough life even if he enters the world perfect in form and function. But when he is born with some defect in body or limb, his chance for trouble have been multiplied manifold.

Byron, beautiful in face and figure, ruined in spirit because he had a clubfoot. This particular deformity is not so serious now as it was in Byron's day, because the medical profession has found ways of dealing with it. The poet was embittered by his unrelieved defect, but now there are mechanical or surgical means of cure. In most instances, nowadays, there is no excuse for sadness or sourness of disposition on account of this deformity, bad as it is.

There are various forms of clubfoot, or "talipes" as the doctors call it. "Talipes equinus," as the name indicates, is a deformity where the victim walks on his toes, just as the horse does. The heel is drawn up and the sole of the foot is directed backward.

This position is taken because the muscles at the back of the leg are shortened, so that the heel cannot be brought to the ground. Walking

Twenty Years Ago

(Issue of Sept. 11, 1918)

The Republican central committee has arranged to have Gov. Andrew L. Harris make an address in East Palestine, Oct. 1, the second day of the annual fair there.

The Schwartz walking club which left Salem at 6 a. m. Monday composed of M. S. and Rollin Schwartz, Frank Boston and Will Carey, Jr., arrived in Pittsburgh at 11 a. m. Wednesday. The party will return Saturday by train.

Health conditions in Salem during the hot humid weather of August this year were decidedly better than during the same month last year, the health officer's report shows. Last month there were just two cases of typhoid fever, while in the same month a year ago there were eight cases of the disease.

Youngtown ministers are objecting to the "Salome" dance which has found its way there.

Mr. and Mrs. M. C. Clay, of Greenford, celebrated their silver wedding anniversary Wednesday evening. Mr. Clay has been in the florist business for about 30 years.

Carl French has returned from Princeton, Ky. where he has been in the employ of the government geological surveying corps. He will go to Columbus to enter Ohio State university.

Eight young women composing the Phi Kappa club were the guests of Miss Lella Augustine and Miss Louise Dow Wednesday evening at the Augustine home. The affair was a farewell party for Miss Edith Cooper, who will leave in the near future for Pasadena, Calif., to enter college.

Miss Blanche Ruppert, New Waterford, and Roy H. Grove, of Columbiana, were married at Lisbon Wednesday. The groom is a brother of P. H. Grove, this city.

Lisbon—An important new industry is in prospect for Franklin township, eastern capitalists having taken an option on the James McAllister farm with a view of establishing a plant for the manufacture of building cement on a large scale.

HOMEWORTH

Mrs. Elmer Felgar Saner, who suffered a slight stroke of paralysis is improving.

Rally day will be observed in the churches Sunday, Sept. 16.

Mrs. S. J. Fultz of Cleveland, is helping care for her sister-in-law, Mrs. E. G. Saffell, who is an invalid. Mr. Saffell is in Wilmington, Del., visiting Rev. and Mrs. Rev. Mathias Hahn.

The fourth annual reunion of the teachers and former pupils of Union Grove in Knox township was held Sunday with a large attendance.

Mr. and Mrs. Harry Behner and family attended the Behner family reunion at Silver park, Sunday.

Mrs. Stella Bedford of Lima, was the guest of her parents, Mr. and Mrs. Jesse Freshley, last week.

Robert and Warren Myers were called to Cleveland by the serious illness of their brother, Jesse Myers.

Miss Jane Crissinger who has been ill for a several months, is growing weaker.

Mrs. R. M. Wernet and daughter, Miss Virginia Wernet, visited Mrs. Wernet's parents, Mr. and Mrs. Owen Brooke over Sunday.

Mr. and Mrs. James Whiteleather of Mt. Union, called on friends here Wednesday evening.

John and Henry Haines, grandsons of Mr. and Mrs. J. A. Summers who have been visiting here for several months, have returned to their home in Audubon, N. J.

Mr. and Mrs. J. E. Palmer have gone to Oklahoma City, Okla., to visit their son-in-law and daughter, Dr. and Mrs. L. E. Glass. They were accompanied by their grandson Norman Palmer Glass, who spent his vacation here.

Mr. and Mrs. W. P. Thomas, Evelyn Woolf of Alliance, and Mr. and Mrs. Arthur M. Thomas and children, Richard and Betty of Beloit, spent Sunday at the home of Mr. and Mrs. D. W. Thomas.

Mr. and Mrs. Floyd Smith and baby, Violet Elaine, of Greensburg, spent the week end with Mrs. Smith's parents, Mr. and Mrs. Marion Stump.

Embargo on Him

on the balls of the toes produces callouses there.

The most common form of clubfoot is called "talipes varus." In this variety the foot is bent forward. In consequence, the victim walks on the outer side or edge of the foot.

In "talipes valgus" the natural arch of the foot is absent. The foot is bent outward and the walking is done on the inner side of the foot.

There is a rare form of talipes in which the toes and front of the foot are drawn upward. On this account it is necessary to walk on the heel.

Flat-foot is really a form of talipes. The arch is lost and the foot sags flatly against the floor. This may not be a congenital defect, but may be acquired. During the war it was surprising how many victims of flatfeet were discovered in the draft examinations.

The secret of successful correction of clubfoot is early attention. Manipulation and well directed exercises may correct some cases. Mechanical devices like braces, special shoes, or strapping may relieve. Sometimes operation may be required.

I know what it means to the parent to submit his child to operation or to require him to wear an uncomfortable brace. The easiest way is to go along, hoping the trouble will right itself.

But it is not fair to the child to permit this neglect in youth. The time will come when he will reproach his parents for failure to act in his babyhood.

Submit the clubfoot to the examination of an able specialist in this branch of medicine. When he has advised, follow his instructions to the letter. There are very bright prospects that early treatment will overcome the deformity, or, at least, make it so much less that it is no longer noticeable.

Answers to Health Queries

J. L. R. Q.—Has smoking or shaving anything to do with pimples? How can these and blackheads be cleared up?

A.—Shaving is often responsible for blemishes on the face. For further particulars send a self addressed, stamped envelope and repeat your question. Proper diet and regular elimination are the principal factors when looking for treatment.

T. F. T. Q.—What will reduce the calves of the legs? Exercises seem to make them larger.

2.—What is the cause of gas on the stomach and what will relieve it? What will aid my digestion?

A.—Reduce the weight in general. Send a self-addressed, stamped envelope for further particulars and repeat your question.

2.—Faulty diet and improper elimination will cause gases, due to indigestion and fermentation. Correct these conditions and you will benefit generally. Careful diet and regular elimination will help your digestion. For full particulars send a self addressed, stamped envelope and repeat your question.

This Blind Woman Seeker of Senate Seat in Nebraska

Exeter, Neb., Sept. 11.—Despite the fact that she lost the sight of both eyes at the age of eight because of an accident, Dr. Claire E. Owens has hopes and political aspirations to become a United States senator.

In the recent Republican primaries in Nebraska she defeated a veteran politician for state senator and if elected she plans to run for the United States senatorship to succeed Senator George B. Norris.

Senator Norris is a close friend of Dr. Owens and has promised to give her his support in the race she plans so strongly for the future, provided she wins the state senatorship this election, she says.

Dr. Owens has led a very strenuous life of business and professional activity since her graduation from the Nebraska State School for Blind.

While in the school she became interested in music and later graduated with honors and made her living in and about Exeter for some time, teaching.

Dr. Owens saved enough money from this work to go to a college of osteopathy and has now built up a practice which has made her well to do.

Savannah, Ga. — Many business men today apparently depend largely on efficient stenographers for spelling correctness. In a "spelling bee" in the Kiwanis Club here simple words such as "usable," "dependable," "visitors," and "autumn" proved words to slay the "boosters" right and left. "Innuendo" felled one of the two survivors.

D.P. EFFORTS IN SOUTHLAND ARE IGNORED

Robb Lauds Attitude of Republican Leaders In Campaigning

ITINERARIES OF SPEAKERS MADE

Marjorie Darrow becomes Speaker In Interests Of Al Smith

New York, Sept. 11.—The Democratic campaign managers will ignore the Republican drive in the south, it was definitely decided today by Chairman John J. Raskob.

Since the announcement that Mr. Hoover would personally direct his campaign into Tennessee on October 1, the Democratic high command has been seriously occupied with the question of intensifying the projected drive below the Mason-Dixon line. Following receipt of reports described as reassuring from field managers throughout the south, the national executive committee has decided to go along on its present strategy program in the Democratic stronghold.

Reports of growing Democratic strength throughout the south, as declared by the east and west by Republican newspapers. One of the party chiefs who brought this reassurance to Chairman Raskob was Major George L. Berry, of Tennessee, president of the International Pressman's union and director of the Democratic national labor bureau. Berry's remarks, he said, were based upon contact with Democrats from every southern state during the recent national convention of the pressmen's union.

Raskob Lauds Work

Raskob today acknowledged the statement of Dr. Hubert Work, denouncing the whispering religious campaign against Governor Alfred Smith as an "expression of a false attitude for the Republican party to take."

"I hope," he added, "that they will make a real effort to maintain because of what Mr. Hoover promised it is the promise he made and he will keep it."

Following a conference with all of the Democratic congressional candidates in Pennsylvania, Raskob assured his claim to the keynote for Governor Smith and Senator Robinson.

The Smith-Robinson drive, aside from the speaking tours of the two names themselves, will be based on a national scale on September 25, Senator Millard E. E. of Maryland, chairman of the national speakers' bureau announced today.

To Name Speakers

The chief emphasis, according to itineraries of a score of campaign speakers published today, will be in the middle-west and the east, but the south is to have more than its usual share of campaign oratory.

Senator Lawrence D. Tyson of Tennessee will open a speaking tour North Carolina Sept. 24, 25 and moving into West Virginia the next three days, and into Kentucky October 1, 2 and 3.

Governor Albert C. Ritchie of Maryland will be the principal speaker at a huge Democratic rally in Chicago October 10.

Marjorie Darrow, celebrated Chicago criminal lawyer, has also been named in the Smith offensive. Wind up his vacation in the Black Hills last night with a speech at Rapid City, S. D., he will soon return to Chicago to await assignment from the speakers' bureau.

Former Senator Magnus Johnson, Farmer-Labor victor in Minnesota six years ago, is also on the Democratic big Bertha for the whirlwind corn belt fight.

Former Senator James Hamilton of Illinois, celebrated exponent of memorial perfection, has a speaking tour outlined for Indiana, Kentucky, Tennessee, Missouri and Arkansas, beginning September 24.

Lisbon Delegates Attend Conference

Lisbon, Sept. 11.—Rev. Charles N. E. Smith, pastor of the Lisbon M. E. church will be asked to be returned to the pastorate during the annual conference of the Northeast Ohio conference of the M. E. church which will be held at Lorain Sept. 18-26.

Rev. H. Ramsey has been named delegate to the conference at this church and Joseph Bramm, Eugene Turner has been named junior delegate.

COURT NEWS

Divorces

Alton has filed suit for divorce in common pleas court against her husband charging extreme cruelty and gross neglect of duty in the petition that has been filed by Attorney K. L. Coburn of Alton. The couple were married at Alton March 10, 1926.

Walter S. Marshall, through his attorney, Metzger, McCarthy & McManis, of Salem has filed a petition for divorce in common pleas court against his wife, Loraine B. Marshall, whom he married at Alton, W. Va., July 1, 1908.

The neglect of duty and extreme cruelty is charged.

Omaha, Neb.—Senator R. B. Howland, Nebraska, is carrying a portable radio broadcasting machine with him on a speaking tour of the state. He has obtained consent of the KFOP of Lincoln, Neb., to broadcast his wave length whenever he talks in a community and his words may be heard within a radius of 15 miles.

New Buick Is Birthday Present For Salem Girl

BURGLARS TAKE FRENCH PRISON SAFE AND CASH

Prisoners Appeal To Cops To Protect Them From 2nd Story Men

Paris, Sept. 11.—Prisoners in the State penitentiary at Melun are appealing to the police to protect them from second story men. They claim that their belongings are no longer safe from the doing of these workers. The burglarizing of the prison office is cited as proof.

The office staff came to work one fine morning only to find that the 500 pound safe was gone. Looking about, they were also quick to notice that the window iron bars had been filed away. From the window to the ground, it is a sheer drop of 25 feet. They found a ladder still in place.

The local Sherlock Holmes were quick to diagnose the case. Somebody had stolen the prison safe with what it contained, some \$6,000, mostly the savings of the prisoners.

The theory was correct. The safe was found later in the day about five miles from here. All the cash was gone. But the safe movers had left a little note behind: "Greetings to all our old pals. Have a good laugh." The public is having it, but not so the pals nor the authorities.

A full 40 per cent of the season's crop of sightseers were provincial French, according to the Prefecture of Police.

While Middle West accents and collegiate neckties seemed to predominate on the boulevards the official figures affirmed that the United States and Canada together furnished only 15 per cent of the tourists. Spain and South America contributed 20 per cent; Germany and England sent 10 per cent each of their nationals, and the remaining 5 per cent came from Central Europe.

This survey was made from the certificates of domicile which are issued for every visitor whether he remains in Paris a night or a month.

There will be silence at the crossroads and very little speed. This is ordered by M. Jean Chiappe, Prefect of Police, to accommodate drowsy citizens who complain they are unable to sleep because the noise of automobile horns at street intersections in Paris.

Between 1 a. m. and 5 a. m. automobiles are now obliged to crawl at intersections, police reasoning that with the minimum speed motorists can keep their horns silent.

If any chauffeur begins honking during the specified hours he will be arrested for speeding.

Here's a new one for students of language—"Cosmologia." All that is necessary is to learn 60 rules of grammar and a vocabulary of 600 words. Once the student has mastered these complexities he can converse with the only other person who speaks "Cosmologia," Samuel Horowitz, students, who invented it.

Horowitz asserts his language is flexible and colorful enough for all purposes. He says he has already translated the Genesis, some works of Schiller and modern commercial letters, but he is the only person who can prove that.

Bolzano, Italy.—The Chaskiel girls are quite popular with swains hereabouts. They are members of a peasant family which has sold an old violin for \$35,000.

CIRCULATION MANAGER

Dr. J. M. McGeorge, and his daughter, Miss Marjorie, and their new Buick car, at the McGeorge home in Highland Ave. The car is a four-passenger sport model, known as the Convertible Coupe, so-called because it may be driven as a roadster, or as a closed coupe, according to weather conditions.

"This car is a birthday gift for Marjorie. I think it is one of the most attractive cars on the road," says Dr. McGeorge. "I have liked Buick for a long time and have bought several different models, but I believe Buick's Silver Anniversary line is their best. Its new body lines are distinctive and handsome, and, in my opinion, are setting a new style of body beauty and comfort."

Miss Marjorie also says the car is not only "good looking, but a very powerful one." After a recent trip to Pittsburgh, she says the performance on hills, particularly the long Polston Hill, was very satisfactory.

Cunard Liner Brings Artist's Exhibition

London, Sept. 11.—Transformed into a floating art gallery, the Cunard liner Berengaria will in October sail to and from New York with exhibitions of the works of British artists.

The floating exhibition has been arranged by Sir Joseph Duveen, the celebrated English art dealer, with the idea of bringing the work of lesser known British painters before the public.

With the usual quota of home-going American millionaires abroad, it is hoped that record sales will result from the exhibition.

Several members of the Royal academy will arrange the exhibition.

Accidents Costly To Ohio Carpenters

Columbus, Sept. 11.—Ohio carpenters lost approximately \$300,000 in wages last year because of accidents, Thomas P. Kearns, Columbus, superintendent of the state division of safety and hygiene, said today, addressing the 14th annual convention of the Ohio State Council of the United Brotherhood of Carpenters and Joiners of America.

This amount, Kearns said, was exclusive of the compensation awards paid by order of the state industrial commission.

Need for more systematic educational safety work was stressed by Kearns.

ROCKFORD FLIERS IN BOAT WRECK

Hassell and Cramer Have Accident In Journey To Homeland

Copenhagen, Sept. 11.—George Hassell and Parker Cramer, the Rockford to Sweden fliers whose attempt ended on the wastelands of Greenland, were today aboard a small steamer enroute from Godthaab, Greenland, to Ivigtut, farther down the coast, where they will board a steamer for Denmark, according to radio advices received by Greenland administration department here.

Hassell and Cramer, together with four members of the University of Michigan expedition to Greenland led by Professor William F. Hobbs, experienced the thrills of an Arctic shipwreck when a motor-boat taking them to Holstenborg struck a rock and sank at the mouth of Siniua fjord. All were rescued.

New York.—The chartered bank of India, Australia and China, declared an interim dividend for the first half of 1928 at the annual rate of 14 per cent, free of income tax.

ARMY AVIATOR DIES IN FALL

Flying Upside-down when Motor Stalls; Crashes Near Grandstand

BULLETIN
Los Angeles, Sept. 11.—Lieut. J. J. Williams, 25, of Moad, Utah, army stunt aviator, died at a Culver City hospital early today from injuries received when his plane crashed during the National Air races here yesterday.

Los Angeles, Sept. 11.—Lieut. J. J. Williams, one of the army's most brilliant aviators, was in a critical condition today as the result of an airplane crash at Moad, Field.

The army pilot was flying upside-down trying to outstunt the famous "Seahawks" of the navy when his engine stalled. The plane side-slipped and crashed to the field directly in front of the grandstand.

The pilot was wedged in the cockpit and was unconscious when removed from the wreckage of the plane. He was rushed to Culver City hospital in an unconscious condition.

Lieut. Williams with Lieuts. Woodring and Cornelius were from the army's first pursuit group, Selfridge Field, Mich. They came to the national air races to compete with the navy in stunt flying.

Newlyweds in Air Marathon

Mr. and Mrs. T. W. Kenyon, of Boston, who have entered their Challenger plane in Class A event in coast-to-coast air marathon from Roosevelt Field, L. I., to Los Angeles, Cal. Planes in classes "A" and "B" will stop at 16 cities en route to the coast. (International Newsreel)

Social Affairs

LUTHER LEAGUE

A Luther league house warming will be held Friday evening, Sept. 21, at the home of Rev. and Mrs. G. D. Keister, South Union st.

Plans for this event were made at a meeting of the Luther league of the English Lutheran church Monday evening at the home of Mabel Schlotter, East High st.

A delegation from this league is planning to attend a winner roast to be given by the Canton-Youngstown Luther League federation Wednesday evening at Silver park. Alliance. Those attending are to meet at the church at 6:30 o'clock.

A meeting of this federation will be held on Sept. 30, at Middleton.

Games, contests and a lunch were pleasures of the social period. A meeting on Monday evening, Oct. 8, will be at the home of Betty Hinkle, Roosevelt ave.

DAVIS-LOZIER REUNION
The Davis and Lozier families held their annual reunion Saturday at Silver park. Alliance, with about 110 relatives interested in the event. Some of those in attendance were from Salem, Ravenna and Canton.

The officers are: President, A. B. Lozier, Ravenna; vice president, Grant Davis, near Mt. Union; treasurer, G. E. Lozier, Alliance; secretary, Mrs. Moser, near Mt. Union.

The reunion next year will be at the same place the second Saturday in September.

MARRIAGE LICENSES
A marriage license has been issued to Lloyd E. Thompson of Mt. Victory, O., a railroad employe and Miss Helen Marie Hahn, daughter of Mr. and Mrs. Frank Hahn of East Fairfield. They were married at Lisbon by the Rev. J. C. Cameron of the United Presbyterian church.

The same minister officiated at the marriage of Alfred J. Mohrm of Alliance, a bricklayer and Miss Irene F. Ritchie of North Georgetown, and daughter of Mr. and Mrs. Charles Ritchie.

AT JONES HOME
Mr. and Mrs. E. E. Jones entertained a group of friends Saturday evening at their home, Evans st., in honor of Mr. and Mrs. F. M. Vandervoort of Cleveland, who have been visiting friends in Salem.

Three tables of bridge were in play and the prizes for high score went to Mrs. L. A. Beck and J. E. Beck while consolation honors went to Mrs. J. E. Beck and L. A. Beck.

W. H. M. S. MEETING
Miss Beatrice Maeder was an invited guest when members of the Women's Home Missionary society of the Methodist church met Saturday afternoon at the home of Mrs. Harry C. James, Cleveland ave.

A discussion of the wet and dry question was held under the direction of Miss Laura Schilling. Refreshments were served by Mrs. James and Miss Blanche Kyle.

UNITY BIBLE CLASS
The Unity Bible class of the Methodist church will hold a corn and wiener supper at 6 p. m. Tuesday at Centennial park. Those attending are to take their corn, wieners, rolls and cups. Other edibles will be furnished by the committee.

MONDAY AFTERNOON CLUB
Associates of the Monday Afternoon club met yesterday afternoon with Mrs. T. C. Read, Garfield ave., and enjoyed the hours informally. The hostess served refreshments. Mrs. W. H. Kohl, of Washington, was an out of town guest.

HONORS MISS DEMING
Mrs. Albert K. Manfield entertained at a small informal tea Sunday evening at her home, Lincoln ave., in honor of Miss Eva Deming of New York City who has been visiting here.

Miss Lois O'Connell of Cleveland was here over Sunday with her parents, Mr. and Mrs. Charles O'Connell, East Fifth st.

Logan Lease, of Randolph, spent the weekend with his parents, Mr. and Mrs. Eugene Lease, of Teegar.

UNIFIED CHINA
NOW PREDICTED
BY DR. SUN FO

Son of Sun Yat Sen Sees Bright Future For His Country

Washington, Sept. 11.—A unified China, prosperous through increased participation in world trade, and solidified within against strife that for centuries has twisted and torn it apart.

This is the vision of the New China held by Dr. Sun Fo, son of the late Sun Yat Sen, the "George Washington of Nationalist China."

Dr. Sun Fo holds the title of minister of reconstruction of China. In an interview he told of Chinese hopes for the future.

"First we want to readjust tariffs," he said, "and we are looking to international minded American and Great Britain to accord them to us. Your Secretary of State Kellogg not long ago said, 'At the time the Chinese government is stable that we will be glad to readjust and trade treaties.'"

Are Building Up
"That time has come," Dr. Sun Fo declared. "We are building now in China, not tearing down. If we get the necessary assistance we will be a big factor in world commerce within a few years. America is our best and safest friend. We know America has no ax to grind in China, and we welcome American cooperation with us in our work."

The minister, who came to America to discuss his country's affairs with international experts and bankers, declared the desires of the Chinese, Japanese and Manchurian people would in the end overthrow the designs of militarists who would make Japanese protectors of both China and Manchuria.

"The Japanese people are ready to settle peacefully," he asserted. "They are tired of this interminable fighting. They, and we, want no more of useless wars. We want peace and progress. The internal outlook in China is better than it has been for 16 years."

China's Problems
Foremost among the problems facing his people Dr. Sun Fo said were reduction of large military forces, governmental unification to the end that more revenue might accrue, funding of debts, and the corollary problem of economic reconstruction. He advocated cutting the armed forces of 2,000,000 to half a million.

Economic reconstruction Sun Fo outlined as including rail and highway undertakings, improvement of harbors and ports, and the exploitation of China's mineral and other resources.

"It is in this great work that we are looking most for American financial cooperation and assistance," Sun Fo said, adding, "In a few years conditions will be such that foreign capital will come automatically into China."

Cut Rate Taxicabs Run In Cleveland
Cleveland, Sept. 11.—The first of Cleveland's cut rate taxicabs, operating in competition with several long established taxi companies, appeared on the streets today. Police have been cautioned to guard against violence between the competing companies. The new cabs, known as Nickel taxis, charge a five cent flagging toll and five cents for every quarter mile thereafter. The older companies have charged 25 cents for flagging and 10 cents for every two-fifths mile.

Buckle, Buckle
Miss Gladys Redington has resumed her duties at the J. C. Penney store after a two weeks' vacation, which she spent in New York City and other eastern points.

Mrs. William Vaughn, West Eighth st., who underwent an operation at the Central Clinic hospital was reported Tuesday to be getting along well.

Charles Coffee left Monday evening for Columbus where he will attend Ohio State university.

Arrest Suspect In Struthers Murder
Struthers, Sept. 11.—Struthers police today were of the opinion that they had made an important arrest in hunting down the slayer of George Arsenook. Struthers man whose body was found floating down the Mahoning river, near Lowellville, July 27, when a fellow employe of the murder victim, aged 34, was arrested Monday night on suspicion.

The man was arrested through a tip furnished by several friends of the dead man, who stated that the suspect was acting suspiciously. Grilled by Struthers police all night the man stoutly denied knowledge of the crime.

AIR STATION
(Continued From Page One)
all regularly scheduled airline time tables and their rail connections in the United States and Europe. It will be possible to buy in the terminal serial transportation to any regularly listed airport in the United States by day or night travel or both. Day flight time with night layovers in hotels are also scheduled.

For Hotel Guests
Guests of the hotel under the plan may notify the clerks where they wish to go and whether they wish all-air, air and rail, or air and hotel accommodations. The passengers will be called in ample time to prepare for their journey, will be served with breakfast in their rooms and will then be transported to the airfield with their baggage being handled by the service.

Officers of the Chicago Air Traffic association hope to make the entire arrangement so perfect and comfortable it will stimulate air travel.

Ultra-modern in more ways than one, is this nifty shoe buckle that Dorothy Knapp is showing you. Did you see it? Well, it's also a vanity case holding lipstick and powder puff. Rhinestones give it a sparkle.

Will They Be Reunited?

Will death reunite Ellin Mackay Berlin and her father, Clarence H. Mackay? That is question which the "400" has asked ever since the wife of popular song writer hastened to bedside of her dying grandmother, Mrs. John W. Mackay, she who queened it over society of the mauve decade. The photo above shows the charming Ellin and her baby daughter, Bottom, 1 to r., Mr. Mackay and Irving Berlin, whom he bitterly opposed as a son-in-law.

German Airlines Show Great Gain Over Short Time

Berlin, Sept. 11.—The airplanes of the German Luft Hansa carried 46,231 passengers in the first six months of the current year.

This is almost 17 per cent more than in the first half of 1927.

The gain of air travel in Germany, however is best shown by a comparison with 1926. In that whole year the total number of passengers was 14,218, or only a little more than a third as many as were carried from Jan. 1 to June 30, 1928.

The increase in the amount of freight carried is equally striking. The total was nearly 472 long tons, against 270 tons in the same period last year. There were also transported 357½ tons of baggage and 185 tons of mail matter.

The increase in the popularity of flying is due to various factors—its safety, the instituting of a restaurant service in the big planes, the adding of new routes, co-operation with the railroad service and in general, an increase in the comforts offered passengers.

A noteworthy feature of this year's developments was the inauguration of the longest European airplane route, that from Berlin to Madrid. This trip, covering more than 1,300 miles, is made in 17 hours.

HOOVER
(Continued From Page One)
free and responsible agents of their own choosing, which develops and maintains that purposeful co-operation which gains its chief incentive through voluntary agreement. We believe that injunctions in labor disputes have in some instances been abused and have given rise to a serious question for legislation.

"Republican party pledges to continue its efforts to maintain this present standard of living and high wage level."

Hoover undoubtedly will endorse this plank for the second time but in greater detail than in his acceptance speech. Some labor leaders have urged a more detailed discussion of the labor problem and Hoover will meet their wishes at Newark.

To Go Fishing
Once Hoover has approved a final draft of the Newark speech, he will arrange his proposed fishing trip to lower Chesapeake bay. He hopes to get two or three days' vacation this week, angling for salt water fish "down the bay."

"When Mr. Hoover said that the small independent business man is the stronghold of American individualism,"

Strenuous Efforts Expended to Regain Concession Control

Shanghai, Sept. 11.—Strenuous efforts to retain control of their own provincial revenues, including the cigarette, salt, gambling and opium taxes were made by members of the Kwantung delegation at the closing meeting of the National Financial conference at Nanking.

The delegates based their arguments on the excessive contributions that Kwantung had been forced to make for the northern campaign of the Nationalists. Their stand was opposed by the other delegates, however, on the grounds that every province would make a similar plea. This, it was pointed out, would cause an ending of the unification of the national revenues.

The conference agreed that tariff autonomy must be established at the end of the present year. After this, all imports would pay a single tax on entry. Meanwhile, imports will continue liable to the same internal taxation as native goods of the same class.

It was agreed that all domestic and secured foreign loans should be paid as heretofore and unsecured loans should be subject to a special investigation looking towards an equitable settlement.

Zanesville Council Approves Airport

Zanesville, Sept. 11.—Approval of a \$15,000 bond issue to purchase a 155-acre site for Zanesville's proposed municipal airport was on record here today following last night's meeting of the city council.

The approval of council for the airport bond issue paves the way for another bond issue of \$45,000 with which it is proposed to equip the airport.

Markets

MARKET IRREGULAR

New York, Sept. 11.—The market was irregular at the opening today. The wheat market was firm, with U. S. wheat common up 1/4 at 154 1/2. General wheat common up 1/4 at 64 1/2. General wheat dropped nearly a point to 154 1/2 at the opening and sold down 1/2 in the first period, while Hudson was up more than a point at 154 1/2. Studebaker up 1/2 at 80 1/2. Rubber up 1/2 at 13 1/2. Cash Register gained 1/2 at 93 1/2. Warner Aero down 1/2 at 179. Consolidated Film up 1/2 at 23 1/2. After early irregularity the market firmed up today, under the lead of the theatrical stocks and the steel and motors. The influence of the 7 per cent time money rate and the 7 per cent call loan market was seen in the liberal offerings of steel in the first hour, but Wall Street regards this as a temporary measure to pass with the completion of the heavy corporation and government financing program this week. The call loan rate was posted at 7 1/2 per cent.

Sharp advances in Studebaker, Fox Film and other speculative favorites followed the completion of the over-night limitation of the outside points. A tidal wave of buying in Studebaker swept the market to above 82. Resumption of the aggressive advance in S. Steel common was also seen in the 2-point advance in that stock in 1928, in heavy trading in the first hour. Chrysler Motor 2nd was active and firm; General Motors recovered from an early low of 188 to above 201. Union Carbide jumped 6 points to 176. Montgomery Ward carried its sensational rise to 260 up 6 points for the day and nearly 150 on the current move. Wall Street was engrossed in money market problems, but looked for a better co-operative spirit on the part of the Federal Reserve Bank heads in the fall agricultural season. The favorable reception accorded new bond offerings this week is an evidence of the abundance of investment funds. Industrial conditions are improving and the outlook for the fall very bright.

Industrial stocks gained headway in the second hour. General Electric booming along to above 170 for a 4-point gain, 100 up 6 points and Independent Steel shares enjoying an active turnover. Cotton lost a dollar and wheat was firm.

CHICAGO LIVESTOCK

Chicago, Sept. 11.—Hogs—Receipts 19,000; market steady; top bulk 11.75@13.20; heavy bulk 12.15@13; medium weight 12.15@13; light weight 11.75@12.15; 120 lb. light 11.75@13.10; 120 lb. heavy 11.75@13.10; 125 lb. hildovers 5.000. Oats—Sept. 43 1/4 to 44 1/4; Dec. 43 1/4 to 44 1/4; March 43 1/4 to 44 1/4.

Worthless" Art Is By Da Vinci

Barcelona, Spain, Sept. 11.—An ancient painting which, up to the present moment has been accorded the value of a masterpiece, is now believed to be a worthless work of art. It is a portrait of a man, which has been examined by experts who have concluded that it is a copy of a work by Leonardo da Vinci. It was discovered in the house of Don Alfonso Mozas.

Off to Hunt Lions in Africa

Wearing lounge suit, a bowler hat and expression of relief, H. R. H., the Prince of Wales left Victoria station, London, for a 3,300 mile tour of East Africa. With his brother, Prince Henry, Duke of Gloucester, he will hunt big game and avoid formal receptions wherever possible. Above, l. to r., Prince Henry as an equestrian and an officer of the Royal Horse; right, Prince of Wales in uniform he wore in France; center, as honorary colonel of Scotch regiment, and, below, riding with Marshal Foch in parade which marked recent pilgrimage of British veterans to the western front in France.

SMITH TARGET FOR OFFICIAL BRANDS STATEMENT ABOUT PROSPERITY IN NEW YORK AS FALSE

Washington, Sept. 11.—Under Secretary of the Treasury Ogden L. Mills today assailed Gov. Alfred E. Smith of New York, Democratic presidential candidate, for alleged misrepresentation of the financial condition of the state of New York. Mills was replying to charges by Smith that he (Mills) had also misrepresented New York state finances by statement "that the huge increase in resources due to prosperity had been applied under Gov. Smith neither to tax reduction nor to debt reduction, but spent."

BETTER CHANCE FOR BABIES SAYS SCIENCE

London, Sept. 11.—A boy born today can reasonably expect to live 12 years longer than if he had been born 90 years ago and a girl 14 years longer. This fact emerges from a report published here by Sir George Newman, chief medical officer of health for England, reviewing the health of the nation. Points from the report show that: Though the population has more than doubled, the death rate for England and Wales has been halved since 1833. Child mortality under five years of age for London is about one-third of what it was. The number of deaths under 50 is now 38 per cent compared with 71 per cent in 1833. Expectation of life at birth has been extended by 12 years for boys and 14 years for girls.

REALTY TRANSFER

Glen A. Saffell, of Pittsburgh, has sold her tract of ground lying between West Seventh and West 5th Sts., of a little over 7 acres to W. W. Luce. Mr. Luce expects to erect dwellings on this property at once. Transfer through the agency of R. G. Kridler. 214h

ORDINANCE NO. 280417 F Determining to proceed with the improvement of Acta Street by paving the same from the east curb line of Broadway to the west curb line of Lincoln Avenue, width of pavement 26 feet, 4"x18" stone curb, 6" concrete base, 2" asphaltic concrete top. Be it ordained by the Council of the City of Salem, State of Ohio, three-fourths of all members elected thereto concurring: Section 1. That it is hereby determined to proceed with the improvement of Acta Street from the east curb line of Broadway to the west curb line of Lincoln Avenue, width of pavement 26 feet, 4"x18" stone curb, six inches concrete base, two inches asphaltic concrete top, in accordance with resolution No. 280396-B passed on the 6th day of March, 1928, and in accordance with the plans, specifications, estimates and profile heretofore approved and now on file in the office of the Director of Public Service. Section 2. That all claims for damages resulting herefrom shall be judicially inquired into before commencing the improvement, and the collector be and he is hereby authorized and directed to institute proceedings in a court of competent jurisdiction to inquire into and settle all such claims as may arise. Section 3. That the whole cost of said improvement, less cost of right-of-way, shall be assessed by the Director of Public Service, and the cost of intersections shall be assessed by the front foot upon the following described lots and lands, to-wit: All lots and lands bounding and abutting upon the proposed improvement, which said lots and lands are hereby determined to be specially benefited by said improvement; and the cost of said improvement shall include the expense of the preliminary and other surveys, and of printing and publishing the notices, resolutions and ordinances required, and the serving of said notices and cost of construction together with interest on bonds issued in anticipation of the collection of deferred assessments and all other necessary expenditures. Section 4. That the assessments so to be levied shall be paid in not more than ten annual installments, with interest on deferred payments at the same rate as shall be levied on the bonds to be issued in anticipation of the collection thereof, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days after the passage of the assessing ordinance. Section 5. That bonds of the City of Salem, shall be issued in anticipation of the collection of assessments by installments and in an amount equal thereto. Section 6. That the remainder of the cost of said improvement, not specially assessed, there shall be levied on the City of Salem, Ohio, in the manner provided by law. Section 7. That the Director of Public Service be and he is hereby authorized and directed to make and execute a contract for said improvement with the lowest and best bidder after advertisement, according to law. Section 8. That the ordinance shall take effect and be in force from and after the earliest period allowed by law. Passed April 17, 1928. H. A. GAGHER, Mayor. Attest: P. E. GRIFFIN, Clerk. Approved April 17, 1928. PHIL G. HIDDLESON, Mayor. (Published in Salem News Sept. 11, 1928.)

RESOLUTION NO. 280396-B

Declaring it necessary to improve Acta Street by paving the same from the east curb line of Broadway to the west curb line of Lincoln Avenue, width of pavement 26 feet, 4"x18" stone curb, six inches concrete base, 2" asphaltic concrete top. Be it resolved by the Council of the City of Salem, Ohio, three-fourths of all members elected or appointed thereto concurring: Section 1. That it is deemed necessary to improve Acta Street by paving the same from the east curb line of Broadway to the west curb line of Lincoln Avenue, width of pavement 26 feet, 4"x18" stone curb, six inches concrete base, 2" asphaltic top. Section 2. That said improvement shall be constructed in accordance with the plans and specifications now on file in the office of the Director of Public Service of said city. Section 3. That the whole cost of said improvement, less two per cent and the cost of intersections shall be assessed by the front foot upon the following described lots and lands, to-wit: All lots and lands bounding and abutting upon the proposed improvement, which said lots and lands are hereby determined to be specially benefited by said improvement; and the cost of said improvement shall include the expense of the preliminary and other surveys, and of printing and publishing the notices, resolutions and ordinances required, and the serving of said notices and cost of construction together with interest on bonds issued in anticipation of the collection of deferred assessments and all other necessary expenditures. Section 4. That the assessments so to be levied shall be paid in not more than ten annual installments, with interest on deferred payments at the same rate as shall be levied on the bonds to be issued in anticipation of the collection thereof, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days after the passage of the assessing ordinance. Section 5. That bonds of the City of Salem, shall be issued in anticipation of the collection of assessments by installments and in an amount equal thereto. Section 6. That the remainder of the cost of said improvement, not specially assessed, there shall be levied on the City of Salem, Ohio, in the manner provided by law. Section 7. That the Director of Public Service be and he is hereby authorized and directed to make and execute a contract for said improvement with the lowest and best bidder after advertisement, according to law. Section 8. That the ordinance shall take effect and be in force from and after the earliest period allowed by law. Passed March 6, 1928. H. A. GAGHER, Mayor. Attest: P. E. GRIFFIN, Clerk. Approved March 6, 1928. PHIL G. HIDDLESON, Mayor. (Published in Salem News Sept. 11, 1928.)

RESOLUTION NO. 280396-B

Declaring it necessary to improve Acta Street by paving the same from the east curb line of Broadway to the west curb line of Lincoln Avenue, width of pavement 26 feet, 4"x18" stone curb, six inches concrete base, 2" asphaltic concrete top. Be it resolved by the Council of the City of Salem, Ohio, three-fourths of all members elected or appointed thereto concurring: Section 1. That it is deemed necessary to improve Acta Street by paving the same from the east curb line of Broadway to the west curb line of Lincoln Avenue, width of pavement 26 feet, 4"x18" stone curb, six inches concrete base, 2" asphaltic top. Section 2. That said improvement shall be constructed in accordance with the plans and specifications now on file in the office of the Director of Public Service of said city. Section 3. That the whole cost of said improvement, less two per cent and the cost of intersections shall be assessed by the front foot upon the following described lots and lands, to-wit: All lots and lands bounding and abutting upon the proposed improvement, which said lots and lands are hereby determined to be specially benefited by said improvement; and the cost of said improvement shall include the expense of the preliminary and other surveys, and of printing and publishing the notices, resolutions and ordinances required, and the serving of said notices and cost of construction together with interest on bonds issued in anticipation of the collection of deferred assessments and all other necessary expenditures. Section 4. That the assessments so to be levied shall be paid in not more than ten annual installments, with interest on deferred payments at the same rate as shall be levied on the bonds to be issued in anticipation of the collection thereof, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days after the passage of the assessing ordinance. Section 5. That bonds of the City of Salem, shall be issued in anticipation of the collection of assessments by installments and in an amount equal thereto. Section 6. That the remainder of the cost of said improvement, not specially assessed, there shall be levied on the City of Salem, Ohio, in the manner provided by law. Section 7. That the Director of Public Service be and he is hereby authorized and directed to make and execute a contract for said improvement with the lowest and best bidder after advertisement, according to law. Section 8. That the ordinance shall take effect and be in force from and after the earliest period allowed by law. Passed March 6, 1928. H. A. GAGHER, Mayor. Attest: P. E. GRIFFIN, Clerk. Approved March 6, 1928. PHIL G. HIDDLESON, Mayor. (Published in Salem News Sept. 11, 1928.)

Knew Too Much

This is the only known photo of William L. D'Olier, murdered witness in New York sewer graft probe. It shows him as he would appear clean-shaven, the artist having removed his beard.

PRIMARY VOTE IN WASHINGTON

Hot Contest Expected In State; Gubernatorial Office Contested

Seattle, Wash., Sept. 11.—Washington voters will go to the polls today to select nominees for congressional state and county offices.

Three Republicans are contesting for a United States senatorial nomination. Miles Poindexter, Kenneth Mackintosh and Austin E. Griffiths, the successful candidate to oppose either C. C. Dill or James C. Longstreet from the Democratic list. Dill is locked upon as the favorite and it is expected he will oppose either Poindexter or Mackintosh in the November elections.

Bitterness and invective have marked and stimulated much excitement throughout the state in the gubernatorial campaign and a large registration predicts a heavy vote. The names of seven candidates, four Democrats and three Republicans will appear on the list. Governor Roland H. Hartley, E. L. French and Claude C. Bannick make up the Republican ticket. The Democratic list includes Scott, Bullitt, Stephen J. Chadwick, George F. Cotterill and C. L. Mackenzie.

Egg Grading School Established In East

Providence, R. I., Sept. 11.—In conjunction with the Bureau of Agricultural Economics, U. S. Department of Agriculture, a "New England egg grading school" was recently held here, and leading egg producers were present. The object was to secure uniformity in the interpretation of official grades of eggs in New England states.

In a statement regarding the school issued by the Department of Agriculture, at the state house here, it was declared, "that it was quite readily seen that local producers have an opportunity to retain the high quality egg market in their various states if they would care for their eggs in the best manner. It is agreed that the grade known as 'special' which is used throughout New England will meet the most exacting demands of the consumer."

Train Kills Man
Wilmington, O., Sept. 11.—Thomas Dewitt, 50, was instantly killed today when his auto was struck near Blanchester, by a Baltimore & Ohio freight train.

Dead in Air Crash

M. Maurice Bowkanowski, French minister of commerce and aviation, who was burned to death with four companions when his plane caught fire 300 feet in the air near Toul. The cabinet official had just come from a luncheon at home of Premier Poincare and was en route to an air meet at Clermont-Ferrand.

ABOUT TOWN

Headline Error

An error in writing the headline for the Hundertmark violin recital article made it appear that the event was to be held Monday. The item was correct in announcing the date as Tuesday. The third of the series of recitals will be given in the Presbyterian church chapel tonight at 8 p. m.

To Teach in Youngstown

Miss Mary Louise Pawcett, who lives east of the city, has gone to Youngstown, where she will teach general science in a Junior High school. Miss Pawcett is a graduate of Salem High school and Ohio State university, Columbus.

Teegarden Team Winners

The Teegarden baseball team played two games Sunday and won both of them. The first one with the Winona Tigers resulted in an 11 to 0 score, while the second one with the Cope boys team, Depot rd., was a 12 to 1 victory. Both were seven innings games.

Knights of Pythias

A delegation from Salem lodge No. 142, Knights of Pythias, will go to Warren Wednesday evening to attend a special called district meeting.

A meeting of this lodge was held Monday evening at the hall, Chestnut st.

Maccabees Initiate

One candidate was initiated by Quaker City tent No. 144, Knights of Maccabees, at a meeting Monday evening.

Arrangements were made to go to East Liverpool, on Sept. 26, when the Salem team will initiate a class of candidates for the Pottery city.

Ad Is Wrong

Due to transposition of lines in the Broadway Market ad Monday night, sugar was advertised: 25 lbs. ½ sack \$1.09. This should have read 25 lbs. \$1.59. Flour was advertised at \$1.50 per sack. It should have been ½ sack \$1.09.

Friends Bible School

A meeting of the officers, teachers and assistant teachers of the Bible school of the First Friends church will be held at 7:45 p. m. Friday at the church to plan work for ensuing year.

Women's Bowling Team

The Women's Bowling team will meet at 7:30 p. m. Wednesday at the Masonic temple.

City Hospital Notes

Margaret Grav, Canfield and Mrs. Ellen Hickling, Lisbon, have entered the Salem City hospital for surgical treatment.

Recent Births

Mr. and Mrs. William Gross, Perry st., are the parents of a son born Monday.

Warfare In Ranks Of Republicans Off

Indianapolis, Ind., Sept. 11.—Bitter warfare that has split the Indiana Republican party for two years appeared to have come to an end with today the announcement by Thomas H. Adams, crusading publisher of the Vincennes, Ind., Commercial, that he would support both national and state tickets of the G. O. P.

The "bad boy" of the Hoosier G. O. P. has put aside the slingshot of his crusading and will march in the "regular" Republican ranks in support of Harry G. Leslie for governor, the man whom in the primary race for governor he denounced with charges that Leslie as speaker of the house of representatives, blocked the proposed legislative investigation of political corruption.

VICTORS

Senator Robert M. La Follette (above), who has been renominated for the senate by Wisconsin Republicans with practically a 2 to 1 majority, and Walter J. Kohler (below), winner over Governor Fred R. Zimmerman for the governorship of Wisconsin. This was the first time in 38 years the Wisconsin voters refused a governor renomination.

Dear Friends:—

They've been having quite a time here at the plant with a party dress that came in a day or two ago. It was so badly soiled that it could hardly be cleaned—at least, cleaned the way the boss wants it to be.

It doesn't pay to allow a dress to become too badly soiled. Sometimes it won't "come back," as Mr. Kent says.

The better way is to send the dress in more frequently. In that way those perspiration stains won't become permanent.

That's just a suggestion, of course.

NEW BILL GIVES CITIZEN RIGHTS TO FRENCH WIFE

Law Part of Assimilation Of All Nationalities Following War

Paris, Sept. 11.—The town halls of the various Paris wards, or arrondissements, have been crowded during the past few weeks with French wives of citizens of different nationalities claiming their right to remain French.

By older statutes they had lost this right through marriage and had taken on the nationality of their lawful husbands. A bill voted last year by the French parliament gave them the power to get back their original nationality. Many of them applied months ago; others waited until the last few minutes. About 20,000 in all made it known that they prefer to be French than anything else.

This bill is a part of the general assimilation policy adopted by the government since the war, and while it has its good points, it is very likely to raise some difficult problems and cause a few family squabbles.

In the future, a Frenchwoman who has married an Englishman will have two nationalities, for she will continue to be British by British law and French by the French law. She will thus have two passports and need not a card of identity. She will be in clover but her children won't. The French authorities will claim her sons for their arms and the British will do the same and then the trouble will begin.

French wives of American citizens will find it a very much more

difficult matter to re-enter their adopted country.

On the other hand many poor wives will see better days, such as a certain Frenchwoman deserted by her Spanish husband and unable to resume her freedom inasmuch as divorce is forbidden in Spain.

With French women entering nearly every profession formerly reserved for men, one is not surprised to hear of a clever Parisienne now making stained glass windows for churches.

She is Mademoiselle Hure who got the inspiration for this kind of work when attending mass regularly in the celebrated cathedral at Chartres which probably has as beautiful stained-glass windows as any house of worship in the world. She first steeped herself in the art and methods of her chosen line and then came the even more difficult task of breaking down the prejudice against the first of her sex to enter such a field. She is still the only woman making stained-glass windows in France.

In her studio, Mademoiselle Hure wears khaki overalls and smokes—even a pipe at times! She says that the quiet puffing and meditation put her in just the right spirit to produce charming old saints and other religious images. One who has seen her work could never think she smokes of irreverence.

She has recently re-created the great stained-glass windows of the concrete church at Le Raincy, a suburb of Paris, after the designs of Maurice Denis. It comprises about one mile of glass. She has also recently produced all the stained-glass work in the church of Elizabethville, another suburb. Both of these new pieces show her remarkable imagination and sense of lovely colors.

Incidentally she has won the respect of French masters by reducing from nine to six the different operations for the creation of stained-glass.

This gallant taxi jockey believes in advertising. Inside his cab he has tacked up the following sign:

I want to marry;
I own this cab;
The girl must be well off.
Strictest confidence.

The perambulating gasoline Romeo admits that he has had several applications, and also that the paid daily mileage of his cab shows a considerable increase.

THE HOME KITCHEN

By Jeannette Young Norton

The families of busy women must eat, though time to prepare food may be at a premium, for so many women are following professions, or occupying positions which hold them until an hour or less before the normal dinner time, that it is obvious they must understand the how of hurry-up-meal-getting. Any of the following meals may be prepared in a half hour and are chosen with thought for nourishment and also for their appetizing appeal:

First Menu
Fruit Cocktail
Cold lamb, mint sauce
Escalloped potatoes, Fried tomatoes
Lettuce salad, French dressing
Rice, Butter scotch sauce, Coffee

Second Menu
Jellied Tomato Soup
Creamed chicken, baked potatoes
Peas, Spinach
Lettuce and tomato salad
Cantaloupe Coffee

Third Menu
Half Grapefruit
Southern fried chicken
Sweet potatoes, Mushrooms
Cucumber and onion salad
Prune whip or soufflé Coffee

Fourth Menu
Hot clam broth
Lamb chops, creamed potatoes
Peas, fried mushrooms
Celery and apple salad
Ice cream, Cake Coffee

Fifth Menu
Raw Oysters
Veal cutlet, mashed potatoes
Squash, string beans
Lettuce mayonnaise
Applesauce and cake Coffee

Sixth Menu
Sardine canapés
Broiled ham, scrambled eggs
Asparagus, baked potatoes
Pineapple and onion salad
Lemon pie Coffee

Seventh Menu (Sunday Dinner)
Vegetable soup
Roast lamb, mint sauce
Boiled onions, Potatoes roasted with Meat
String beans Buttered beets
Orange and onion salad
Crackers and cheese Apple pie Coffee

For the sardine canapés drain a box of sardines in oil, then break up with a silver fork; add a teaspoonful of minced olives, peppers and onions, a dessertspoonful of French dressing and a tablespoonful of mayonnaise. Spread lightly on toast rounds. If it is a large can of the fish it will make four canapés. The asparagus is canned, the pineapple is the grated kind and the lemon pie will have to come from the baker's unless you live near mother and she is the sort that makes them.

Sunday's dinner is not as quickly prepared, of course, as the others, but the meat serves also for Monday's dinner, with the mint sauce that is left.

In the third menu the chicken should be put into the frying pan with a tablespoonful of butter and a tablespoonful of other fat, pepper, salt and barely enough hot water to three-quarters fill the pan. Cover and cook for a half hour and as the water goes the chicken browns in the fat.

STYLE EDICTS

Paris, Sept. 10.—A feeling of youth pervades nearly all of the smart costumes being shown for winter wear, whether intended for debutante daughter, fond mother or dotting granny.

With the silhouette almost definitely standardized, emphasizing a rather wide but not exaggerated shoulder line, a waistline varying from a point on the hips to a point somewhat lower, including the original normal one, and the skirt satisfactorily covering the knees, all women may look youthful and elegant these days without appearing ridiculous.

Some of the dressmakers use the straight line with pleats to give the necessary fullness and very becoming youthful line. One for afternoon wear in printed moire comes in blue with a plaid design trimmed with square buttons and beanie. Another in crepe satin has the dull side of the fabric used for the back and a deep yoke of the brilliant satin. The overskirt follows the same movement as the yoke.

Pleats cut diagonally at the hem give a fresh and youthful note on a morning frock of soft woolen with the bodice finely incrimated in motifs that carry out the same scheme. Poiret spells Youth with a series of costumes in quaint but practical style with tight-fitting bodices and full skirts. Some are of Scotch plaids with a little white fichu for trimming.

Patou accentuates youth in evening gowns that are utterly plain and worn with costume jewelry—a large pendant, a buckle or bracelet of semi-precious stones, putting a magnificent accent on the plain, delightfully-cut dress. Costume jewelry of little, sparkling beads or metal plaques is also worn with certain street costumes with most youthful effect.

Premier Improves

Athens, Sept. 11.—Premier Eleutherios Venizelos, of Greece, who has been suffering from dengue fever, was on the road to recovery today.

Elyria, O.—Mrs. Wilson Little's two-year-old son is alive and well today, due to her courage and presence of mind. When the child fell into the Black river recently, the mother plunged into the muddy stream and rescued him.

Paris Is Wild Over This

You can't tell where the girl ends and the coat begins on this nifty ensemble because the coat is lined with the same material as the frock—tan chiffon. This costume is doubly smart since it combines brown velvet with printed tan chiffon. Tan ribbon belt worn at the natural waistline further carries out the color scheme, as does the tan hat and tan and brown pumps.

(International Illustrated News)

Acid Stomach

Excess acid is the common cause of indigestion. It results in pain and sourness about two hours after eating. The quick corrective is an alkali which neutralizes acid. The best corrective is Phillips' Milk of Magnesia. It has remained standard with physicians in the 50 years since its invention.

One spoonful of Phillips' Milk of Magnesia neutralizes instantly many times its volume in acid. It is harmless and tasteless and its action is quick. You will never rely

on crude methods, never continue to suffer, when you learn how quickly, how pleasantly this premier method acts. Please let it show you—now.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids, 25c and 50c a bottle—any drugstore. "Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875. Adv.

EASY PAYMENTS FOR AIRPLANES IS LATEST PLAN

Kansas City Firm Offers Finance Method For Purchase

Kansas City, Mo., Sept. 11.—Buy an airplane by easy payments and join the army of installment payers!

That is the cry that went up at the meeting of the officials of the American Eagle Aircraft company in their recent meeting here.

It was, indeed, an epoch making meeting when the 75 distributors of the American Eagle planes met in the first airplane dealers convention in the history of the industry. Then to have this new financing plan thrust upon them whereby prospects could be lured into interest in purchasing a plane only by the payment of a small amount down at the time of purchase of the plane and the balance in easy payments scattered out in various time elements.

Discuss Financing
The dealers discussed the details of the new financing plan in continued sessions for a week, but discussions were not limited to this scheme which placed airplane sales on the same basis as automobile sales.

But "installment," "partial payments," and "down payments" were not the only terms which the dealer used.

They talked of the expansion of the company's factories with the addition of two all-steel monoplanes to its line and a gradual change to the radial air cooled motors for all planes.

A representative of the Franklin Aero, Inc., conferred with the officials of the American Eagle company with the view of furnishing all the radial, air cooled motors used in the planes it manufactures.

Then there were plans, some immediate ones and others for use in the future, for the quantity production of the planes much in the same manner as automobile manufacturers have done.

Patented Wings
The new American Eagle monoplane will have patented wings which will allow for their quantity production. Its wing and fuselage covering will be of the new stainless steel which, although almost as thin as paper, has five times the strength of present construction materials and is lighter than aluminum.

There are plans for the quantity production of propellers, too.

When the history making convention came to a close the 75 dealers were taken to their home cities in Canada, Mexico and the United States in 35 new model American Eagle planes, identical to the ones which will be sold on the installment plans.

BELOIT

The Christian Endeavors held a corn and wiener roast at the home of the president, Miss Roberta Naylor, Friday evening. There were over 60 persons attended. Out door games were played and everyone enjoyed the evening.

Miss Doris Pettit and Miss Marie Shreve attended the teachers meeting held at the Alliance High school building Saturday afternoon. Miss Pettit is teacher in the North Lincoln building and Miss Shreve teaches in the Franklin building. Both began their year's work Monday morning.

Mrs. Harry Groat and children of Alliance visited her parents, Mr. and Mrs. H. R. Cook, Sunday.

The Beloit W. C. T. U. will meet with Mrs. Thomas Strawn at her home one-half mile east of Beloit, Thursday afternoon at 2 o'clock.

The W. C. T. U. county convention was held in Youngstown Thursday and Friday, Sept. 6 and 7. Mrs. Thomas MacPherson and Mrs. I. O. Courtney were the delegates who attended from the Beloit society.

Mrs. A. H. French visited her mother and other relatives here over the weekend.

Miss Bonetta Barber, who is in training at the Alliance City hospital critically ill, but is somewhat improved. Miss Barber is at the hospital.

Emmett Weisenacker of the Weisenacker Grocery Co. has returned to duty after a two months tour of Europe. Mr. Weisenacker visited many interesting places. Sailing from New York City he landed in Plymouth, England from there to London and Paris, France; Switzerland; in Italy he visited Naples and Rome; Isle of Capree, Vienna, Budapest on Danube, Germany, Dresden, Berlin, Frankfurt on Maine, Began on the Rhine to Cologne, Belgium to Paris, Hague and home. The trip both going and coming was wonderful, the countries visited are beyond description. Mr. Weisenacker feels he benefited much on the trip as it was an education as well as pleasure trip.

Mrs. Alice Israel is traveling in the western states.

Miss Marion Cotton of New Castle, Pa., visited Sunday with Mr. and Mrs. Wm. Best and family and Mrs. Cora Burns. Miss Cotton was a former teacher at Beloit High school.

The Question class of the Beloit Friends church taught by Mrs. George Atkinson entertained Friday evening at the home of Mrs. Arthur Thomas, their mothers to a wiener roast. The evening was much enjoyed playing games and roasting wieners. There was a perfect attendance of the class which included out of town members from North Jackson, Alliance and Buffalo, N. Y.

President Makes His Mark

Twenty-nine out of thirty-seven clay pigeons over the traps at Brule, Wis., is the mark that President Coolidge set. He is pretty clever at this sport, in fact more so than many believed.

GERMANY TAKES FOURTH PLACE IN COMMERCE

Merchant Marine Now Rates Among Leaders Of World Trade

Hamburg, Sept. 11.—The German merchant marine, which took sixth place among the world's seafaring nations in 1927, had risen to fourth place at the end of the fiscal year on June 30, 1928, according to the standard yearly report of Lloyd's Register in London.

The German increase in tonnage was, moreover, relatively the largest of all countries, amounting to 12.3 per cent and now making up 5.6 per cent of the world's total tonnage.

The increase in the British tonnage amounted to 566,328 gross tons, or 2.6 per cent, against 414,265 gross register tons for Germany.

Germany's total tonnage now amounts to 70 per cent of the total on June 30, 1914.

Great Britain leads the nations of the world with almost 20,000,000 tons. The United States is second with roundly 14,500,000 tons. Japan takes third place with about 4,000,000 tons, and Germany is fourth with 3,777,251 tons.

The percentage of shipping traffic at the port of Hamburg under the German flag rose in July from 44.6 to 46.2 per cent of incoming tonnage, and from 44.2 to 48 per cent of outgoing tonnage. The increase of outgoing tonnage over July, 1913, was 40 per cent; of incoming tonnage, 41 per cent.

Daily Fashion Hint

LONG WAISTED FROCK

Very slenderizing in effect is the manner in which the wide scalloped collar of this frock is crossed in smart surplice style. The frock may be worn sleeveless or with long one-piece sleeves. The two-piece skirt is shirred at the top and joined to a bodice lining on which the blouse is also arranged. The sash is draped up at one side revealing the shirring and ties in a bow. In figured crepe de Chine or radium this is a smart frock for street wear while in crepe satin it is appropriate for afternoon wear.

Pictorial Pattern No. 4377. Sizes 14 to 18 years and 34 to 44 bust, 45 cents.

Look tomorrow for a simple sports frock to make at home.
